We know what you might be thinking...

No, we are not some massage parlour or erotic shop. The Cupping Room is a concept café designed to take you on a flavour journey. Cupping is the process coffee roasters and growers use to judge coffees next to each other without bias.

The Cupping Room was designed by the team from ONA Coffee to share passion and knowledge about coffee with customers. Through education and inclusion we hope to develop coffee consumers tastebuds to enjoy their coffee and everything else more than they already do.

The Cupping Room team does not just cup coffee, we cup life. This includes food, wine, tea and just about anything else you can put in your mouth.

We are always learning and keen to share with others. We hope you leave with a sore brain and a satisfied mouth.
